ADMISSION TO THE COLLEGE.

CANDIDATES FOR ADMISSION to the Freshman Class are examined in the following subjects, text-books being mentioned in some instances to indicate more exactly the amount of preparatory work required.

Latin Grammar,—Allen and Greenough, or Harkness.

Latin Prose Composition,—translation into Latin of English sentences, or of a passage of connected narrative based upon the required Orations of Cicero.

Sallust,—Catiline's Conspiracy.

Cicero,—Seven Orations.

Virgil,—Bucolics, Georgics and first six Books of the *Æneid*, including Prosody.

(Instead of the Georgics, Cæsar's *Gallic War*, Books I-IV, may be offered.)

Greek Grammar,—Hadley or Goodwin.

Greek Prose Composition,—Jones.

Xenophon,—Anabasis, four Books.

Homer,—Iliad, two Books.

Ancient Geography,—Tozer.

Arithmetic,—especially Common and Decimal Fractions, Interest and Square Root, and the Metric System.

Geometry,—first and third Books of Loomis.

Algebra,—so much as is included in Loomis through Quadratic Equations.

Equivalents will be accepted for any of the above specifications so far as they refer to books and authors.

Candidates for admission to the Sophomore, Junior and Senior classes are examined in the studies already pursued by the class which they wish to enter, equivalents being accepted for the books and authors studied by the class, as in the examination on the preparatory course.

No one is admitted to the Senior Class after the beginning of the second term.

THE REGULAR EXAMINATIONS FOR ADMISSION to college are held at Massachusetts Hall, in Brunswick, on the Friday and Saturday after Commencement (July 11 and 12, 1884), and on the Friday and Saturday before the opening of the First Term (Sept. 26 and 27, 1884). At each examination, attendance is required at 8.30 A. M. on Friday. The examination is chiefly in writing.

Examinations for admission to the Freshman Class are also held, at the close of their respective school years, at the *Hallowell Classical and Scientific Academy*, at the *Washington Academy*, East Machias, and at the *Fryeburg Academy*, these schools having been made special Fitting Schools for the college by the action of their several Boards of Trustees, in concurrence with the Boards of Trustees and Overseers of the college.

The Faculty will also examine candidates who have been fitted at any school having an approved preparatory course, by sending to the Principal, on application, a list of questions to be answered in writing by his pupils under his supervision; the papers so written to be sent to the Faculty, who will pass upon the examination and notify the candidates of the result.

TESTIMONIALS OF GOOD MORAL CHARACTER must in all cases be received before tickets of admission are granted. A testimonial is preferred from the teacher under whom the preparatory course was completed.

A student from another college, before he can be examined, must present a certificate of regular dismissal.

A BOND FOR TWO HUNDRED DOLLARS, with satisfactory sureties, must be filed with the Treasurer by every student on his admission to college, as security for the payment of his Term Bills and any other charges that may arise under the College Laws. A blank form for this purpose will be given with the ticket of admission.

GRADUATE AND SPECIAL STUDENTS.

Facilities will be afforded to students who desire to pursue their studies after graduation either with or without a view to a Degree, and to others who wish to pursue special studies either by themselves or in connection with the regular classes, without becoming matriculated members of College.

ADMINISTRATION OF THE COLLEGE.

ORDER AND DISCIPLINE.

The administration of the College is conducted on the principle that the Undergraduate Residents will co-operate with the Faculty in maintaining good order, and in securing obedience to the College regulations. These regulations regard the students as amenable to the laws of the land, and to the ordinary rules of gentlemanly conduct in their intercourse with each other and with their instructors. Those, accordingly, who enjoy the privileges of residence and membership in the College are required to be correct in their personal habits, to be regular and diligent in the performance of prescribed duties, and to exhibit in their conduct a due regard for such laws and institutions as are inseparable from the administration of a Christian College.

RELIGIOUS EXERCISES.

Devotional exercises, consisting of the reading of Scripture, Singing and Prayer, are held in the College Chapel every morning and Sunday afternoon, and all the students are required to be present.

Every student is also required to attend the exercises of public worship on the Sabbath, at the place provided by the Trustees and Overseers. But to secure the rights of conscience, any student may at his own request if of age, or at the request of his parent or

guardian if he is a minor, have permission to attend instead the services of any Christian society in Brunswick or Topsham.

Prayer meetings under the direction of the Young Men's Christian Association, a religious organization of the students, are held on Thursday evenings, and other meetings on Sunday evenings, to which all members of the College are cordially invited.

TERMS AND VACATIONS.

Commencement on the second Thursday of July.

Vacation, eleven weeks.

The First Term begins Tuesday, eleven weeks from Commencement week, and closes on the Saturday preceding Christmas.

Vacation, two weeks.

The Second Term begins on Tuesday, two weeks from the close of the first term, and continues thirteen weeks.

Vacation one week.

The Third Term begins Tuesday, one week from the close of the second term, and continues till Commencement.

At the beginning of each term full College exercises begin on Tuesday morning.

ABSENCE FROM COLLEGE.

It is of the utmost importance that students be present at College every day of term time, and only an absolute necessity should warrant absence.

When pecuniary necessity makes it unavoidable, students may, upon seasonable petition and by vote of the Faculty, have leave of absence during a portion of term time when actually engaged in teaching, or in literary or scientific pursuits.

EXAMINATIONS.

There are Examinations at the close of the first and second terms, mainly in writing, on the work of the term in each depart-

ment, and at the close of the third term an oral examination on the work of the term before the Examining Committee appointed by the Boards of Trustees and Overseers. The results of these examinations enter largely into the rank of the student, and have an important influence in determining his standing.

PUBLIC EXHIBITIONS.

Two Public Exhibitions are given annually by members of the Senior and Junior Classes, the appointments to which are made with reference to scholarship.

There are also Public Exhibitions by selected members of the Junior and Sophomore Classes, at which prizes are awarded for excellence in declamation.

These Exhibitions, and other Public Exercises of the College, are held in Memorial Hall, a building erected by the Alumni in memory of those graduates of the College who gave their lives in the war for the preservation of the Union. By the munificence of Mrs. VALERIA G. STONE, of Malden, Mass., this Hall has recently been completed and furnished in a manner worthy of its commemorative character.

PRIZES.

English Composition Prizes.—The sum of Thirty Dollars is annually given as prizes to members of the Senior Class for excellence in English composition.

Junior Declamation Prizes.—Prizes amounting to Thirty Dollars are given to members of the Junior Class for excellence in Oratory at their annual Prize Declamation.

Sewall Premium.—A prize of Ten Dollars awarded to members of the Sophomore Class for excellence in Oratory at their annual Prize Declamation.

Brown Composition Prizes.—Two Prizes, one of Thirty Dollars and one of Twenty Dollars, given by PHILIP HENRY BROWN,

Esq., of Portland (Class of '51), are offered to the Senior Class for excellence in extemporaneous English composition.

Sewall Greek Prize.—A Prize of Twenty-five Dollars, given by Prof. JOTHAM BRADBURY SEWALL, (Class of '48) Master of Thayer Academy, and formerly Professor of Greek in the College, is awarded to the member of the Sophomore Class who sustains the best Examination in Greek, at the annual Examination.

Sewall Latin Prize.—A Prize of Twenty-five Dollars, also given by Prof. SEWALL, is awarded to the member of the Sophomore class who sustains the best Examination in Latin, at the annual Examination.

Mathematical Prize.—A Prize of Three Hundred Dollars, given by HENRY JEWETT FURBER, Esq., (Class of '59) is awarded to the Sophomore whose rank is highest in the mathematical studies of the first two years. (See *Smyth Scholarship*.)

Goodwin Commencement Prize.—The income of One Thousand Dollars, given by the Rev. Dr. DANIEL RAYNES GOODWIN of Philadelphia (Class of '32), formerly Professor of Modern Languages in the College, is awarded each year to the author of the best Commencement Part.

Class of '68 Prize.—The income of a fund contributed by the Class of 1868, is intended, when the principal shall reach the sum of One Thousand Dollars, to be given annually to the author of the best written and spoken oration in the Senior Class.

LABORATORIES AND CABINETS.

The Chemical and Physical Laboratories are supplied with gas, water and steam, and furnished with the apparatus and the mechanical appliances necessary for illustration and instruction in the departments with which they are connected, and for practical analytical work by the students.

The upper portion of Massachusetts Hall, lately converted into a Cabinet of Natural History through the liberality of the Hon.

PELEG WHITMAN CHANDLER, of Boston, class of 1834, and named the *Cleaveland Cabinet* in memory of the late Professor PARKER CLEAVELAND, contains the various collections illustrating Natural History belonging to the College.

These collections, to some of which accessions are constantly made, are the following :

The Museum of the First Geological Survey of Maine.

The Cleaveland and Haüy Collections of Minerals.

The Mineralogical and Geological Collections of the late Mrs.

FREDERIC ALLEN, of Gardiner, Maine.

The Shattuck Conchological Collection.

The Cushman Ornithological Collection.

The Blake Herbarium.

The Cleaveland Herbarium.

The Anatomical Museum.

There is also an interesting and constantly increasing collection of Zoölogical specimens, deposited for the present in Massachusetts Hall, and sufficiently extensive to illustrate the various forms of animal life.

Under certain regulations the Cabinets are accessible for purposes of study to all students of the College.

LIBRARIES.

The principal Library rooms are Banister Hall in the East end of the Chapel, and the connected South Wing. They contain, under one management, the College Library and the Libraries of the Athenæan and Peucinian Societies, together comprising about 34,000 volumes.

The Library is open daily, and books may be consulted and borrowed under certain regulations, but without extra charge, by the officers and undergraduates of the College, by resident graduates and special students, and by the pastors of the churches in Brunswick and Topsham.

Accessions are made to the Library by an annual appropriation of the Boards for the purpose, and from the proceeds of funds contributed by the following donors :

Mrs. John C. Dodge, of Cambridge, Mass.

Henry J. Furber, Esq., of Chicago, Ill., (Class of '59).

Capt. John Patten, of Bath.

Other funds, to be increased by the addition of their annual income, have been contributed for a general Library Fund, but are not at present available for the purchase of books.

The Medical Library of 4,000 volumes, is deposited in Adams Hall, which contains the lecture-rooms, offices, &c., of the Medical Department.

There is also a small collection of valuable books contributed by the kindness of friends, constituting what is called the Senior Library, for use in the recitation room. This consists at present of about 200 volumes, and additions are made from time to time of important works connected with Senior studies.

THE GALLERY OF PAINTINGS.

By the Will of the Hon. JAMES BOWDOIN, the College in 1811 came into possession of his entire collection of paintings, about one hundred in number, procured by him with great care and expense in Europe, and considered at that time the finest collection in this country. Valuable paintings presented by other donors, including the entire collection of the late Col. GEORGE W. BOYD, have since been added.

The Gallery occupies the room over the Library in the East end of the Chapel, and is called Walker Gallery in memory of Mrs. SOPHIA WALKER.

The Gallery will be open at Library hours, and admission may be gained at any time for purposes of study by application to the Curator.

Valuable additions of paintings, portraits and statuary have recently been made, and measures have been taken to exhibit the rare collection of drawings and other art-treasures of the College.

ANNUAL EXPENSES.

Tuition, \$75. Room rent, (half) average, \$20. Incidentals, \$10. Total regular College charges, \$105. Those who use the Laboratory of Analytical Chemistry are charged additionally at the rate of \$5 a term.

Board is obtained in town at \$2.75 to \$4.00 a week. Other necessary expenses will probably amount to \$40 a year. Students can, however, by forming clubs under good management, very materially lessen the cost of living.

Term bills are due at the end of each term, and if not paid at the beginning of the next term, interest will be charged. No student will be admitted to a higher class nor allowed to attend its recitations, until all his bills due to the College shall be paid; and no degrees will be conferred upon students who have not paid their dues to the College.

PECUNIARY AID.

Meritorious students with slender pecuniary means, may receive considerable assistance from the College. It should be understood, however, that good capacity, character and conduct, are indispensable conditions on which aid is given.

COMPETITIVE SCHOLARSHIPS.

Brown Memorial Scholarships.—A fund for the support of four Scholarships in Bowdoin College, given by the late Hon. J. B. BROWN, of Portland, in memory of his son, JAMES OLCOTT BROWN, A. M., of the Class of 1856.

According to the provisions of this foundation, there will be paid

the sum of *Seventy-five Dollars* annually to the best scholar in each Undergraduate Class who shall have graduated at the High School in Portland, after having been a member thereof not less than one year.

John C. Dodge Scholarship.—A fund of \$1,000, given by Hon. JOHN C. DODGE, of Boston. The recipients to rank above two-thirds of their classmates, and to be selected by the donor.

Smyth Scholarship.—A fund of \$5,000, the gift of HENRY J. FURBER, Esq., of New York, named by him in honor of the late Professor WILLIAM SMYTH. The income at six per cent. is given to that student in each Sophomore Class who obtains the highest rank in the mathematical studies of the first two years. The rank is determined mainly by the daily recitations; but the Faculty may at their discretion order a special examination, the result of which will be combined with the recitation rank. The successful candidate receives \$100 at the time the award is made. The remaining \$200 are paid to him in instalments at the close of each term during Junior and Senior years. If a vacancy occurs during those years, the next in rank secures the benefit of the scholarship for the remainder of the time.

MINISTERIAL SCHOLARSHIPS.

The income of these is to be appropriated for the aid of students preparing to enter the ministry of the Evangelical Trinitarian Churches.

Shepley Scholarship.—A fund of \$1,000, given by the Hon. ETHER SHEPLEY, LL. D., of Portland, late Chief Justice of the Supreme Court of Maine.

Mary L. Savage Memorial Scholarship.—A Scholarship of \$1,000, founded by Rev. WILLIAM T. SAVAGE, D. D., of Quincy, Ill., in memory of his wife, MARY L. SAVAGE.

Benjamin Delano Scholarship.—A Scholarship of \$1,000, bequeathed by the late Capt. BENJAMIN DELANO, of Bath.

And Emerson Scholarships.—A fund amounting at present to \$6,600, given by the Will of the late AND EMERSON, Esq., of Boston, through Rev. Dr. E. B. WEBB.

Stephen Sewall Scholarship.—A Scholarship of \$1,000, given by the late Deacon STEPHEN SEWALL, of Winthrop.

GENERAL SCHOLARSHIPS.

These are assigned at the discretion of the Faculty or President.

Alfred Johnson Scholarships.—These Scholarships, three in number, of \$1,000 each, were founded by the late Hon. ALFRED JOHNSON, of Belfast, in memory of his grandfather, Rev. ALFRED JOHNSON, one of the founders and earliest Trustees of the College, and of his father, Hon. ALFRED JOHNSON, one of the earliest graduates and Trustees.

William Sewall Scholarship.—A Scholarship of \$1,000, founded by Mrs. MARIA M. SEWALL in memory of her husband, WILLIAM B. SEWALL, Esq.

Mary Cleaves Scholarships.—Three Scholarships of \$1,000 each, founded by the Will of the late Miss MARY CLEAVES.

Cram Memorial Scholarship.—This is a Scholarship of \$1,000, founded by Hon. MARSHALL CRAM, of Brunswick, in memory of his son, NELSON PERLEY CRAM, of the Class of 1861, who lost his life in the service of his country.

James Means Scholarship.—A Scholarship of \$1,500, given by WILLIAM G. MEANS, Esq., of Andover, Mass., in memory of his brother, Rev. JAMES MEANS, Class of 1843, who died in Newbern, North Carolina, in the service of the United States.

Charles Dummer Scholarship.—A Scholarship of \$1,000, given by Mrs. ALMIRA C. DUMMER, in memory of her husband, CHARLES DUMMER, A. M., who was for many years a member of the Board of Overseers.

W. W. Thomas Scholarship.—A Scholarship of \$1,000, founded by Hon. W. W. THOMAS, of Portland.

Buxton Scholarship.—A fund at present amounting to \$1,500, contributed by citizens and natives of Buxton, Maine, through CYRUS WOODMAN, Esq., of Cambridge, Mass., in aid of deserving students, preference being given to natives and residents of Buxton.

Pierce Scholarship.—A Scholarship of \$1,000, bequeathed by the late Mrs. LYDIA PIERCE, of Brunswick, in memory of her son, ELIAS D. PIERCE. The recipient is to be nominated by the President of the College.

Blake Memorial Scholarships.—A fund of \$4,000, bequeathed by the late Mrs. NOAH WOODS, of Bangor, in memory of her son, WILLIAM A. BLAKE, a graduate of the class of 1873.

BENEFICIARY FUNDS.

Lawrence Fund.—A fund of \$6,000, given by Mrs. AMOS LAWRENCE, of Massachusetts. The income to be annually appropriated for the whole or a part of the tuition of meritorious students in Bowdoin College who may need pecuniary assistance, preference being given to those who shall enter the College from Lawrence Academy, at Groton, Mass.

Bangor Seminary Fund.—A fund of \$1,500, the income of which is to go to students or graduates of the Bangor Theological Seminary, or to persons named by the Bangor Central Church, who become students of this College.

THE AMERICAN EDUCATIONAL SOCIETY.

Young men in need of aid, who are studying for the ministry of the Congregational Church, may be assisted by this Society to the amount of \$75 a year.

ACKNOWLEDGMENTS.

The following donations to the Library have been received since the publication of the catalogue for 1882-83.

MEDICAL SCHOOL OF MAINE.

THE MEDICAL SCHOOL OF MAINE, by an Act of the Legislature, is placed under the superintendence and direction of the Boards of Trustees and Overseers of Bowdoin College. By their joint authority all the degrees of M. D. are conferred.

The 64th Course of Lectures will commence FEBRUARY 7, 1884, and continue sixteen weeks. The introductory lecture will be delivered at 3 o'clock P. M., by Prof. CHARLES W. GODDARD.

MEANS OF INSTRUCTION.

The specimens of Normal, Morbid and Comparative Anatomy are annually increased in number. The Museum has lately been thoroughly re-arranged and enriched by purchases abroad.

The Chemical Department embraces every article of apparatus essential to a complete illustration of the principles of Chemistry.

A new laboratory has recently been furnished for special courses in analytical chemistry, urinary analysis and toxicology. These courses are strongly recommended to every student.

The lectures in Physiology are illustrated by Auzoux models and by experiments.

Instruction in Normal and Pathological Histology is afforded without extra charge.

Students are advised to prepare for their Anatomical and Physiological studies by the dissection of the cat, dog, rabbit and frog,

using Wilder & Gage's Anatomical Technology, Foster & Langley's Practical Physiology, or Huxley & Martin's Biology.

CLINICS.

Clinics are held every SATURDAY MORNING during the second half of the term. Patients requiring medical or surgical advice and treatment may present themselves on Saturday mornings from 8 to 11 o'clock.

All examinations in the presence of the Class are made without charge. All surgical operations are gratuitously performed.

TERMS OF ADMISSION.

Candidates for Matriculation will be required to give evidence that they possess a good English education. Those who are graduates of Colleges, Normal Schools, High Schools, or have passed the entrance examination to any recognized College, on presentation of their diplomas or matriculation tickets, will be exempt from examination. Examinations will be held on THURSDAY, FEBRUARY 7th, at 9 o'clock A. M.

The Fee for admission to the several Courses of Lectures, *payable strictly in advance, and by cash only*, is \$78. Matriculation fee, payable each term, \$5.

Pupils who have attended two full courses of Medical Lectures, one of which has been in this school, are admitted to all subsequent courses without payment of any Lecture Fees.

Students who have attended two full courses at other regular Medical Institutions, are required to pay \$25 for admission to their first course of Lectures at this School, in addition to the Matriculation Fee.

The Graduation Fee (which is not returnable), including the Diploma, is \$25. Fee for Analytical Chemistry, \$10.

No student will be allowed to attend any Course of Lectures in this School, without the certificate of the Secretary. Members of

the Medical Profession are cordially invited to attend the Lectures at any time.

Graduates of other Schools, who have been engaged three years in the regular practice of medicine, may receive a general ticket upon presentation of their diplomas and payment of the Matriculation Fee. Students are expected to remain till the close of the term.

EXAMINATIONS AND GRADUATION.

Students, and particularly candidates for a Degree, are examined either daily or weekly on the subjects of the Lectures. Especial attention is directed to the fact that members of the Faculty, in each department, hold gratuitous examinations on specified days of each week, upon the subjects of the Lectures.

The Faculty, believing it to be desirable for students to pay especial attention to the primary branches during the first portion of their course of study, in order that they may be better prepared to appreciate the more advanced subjects in the latter part, voted seven years ago, that any student may present himself for examination in Anatomy, Physiology and Chemistry (any or all), at the regularly appointed time for examination, provided he previously present to the Secretary satisfactory evidence that, at the close of the current term, he has completed at least twelve months of actual study, and has attended a full course of lectures in this School. Those who are examined in Anatomy are required to present evidence that they have, under competent instructors, dissected not less than two parts. The same requirements will be enforced in the cases of those who are examined in this department at graduation. Three years ago it was voted additionally that any student may present himself for final examination in *Materia Medica* and *Therapeutics*, and in *Obstetrics*, at the regularly appointed time for examination, providing he previously presents to the Secretary satisfactory evidence that, at the close of the current term, he shall have completed at least two years of actual study

and have attended two courses of Lectures, the second of which must have been in this School. An official record of the result of the successful examinations shall be kept by the Secretary. The successful passage of an examination will not exempt a student from faithful attendance upon any exercises in any department during subsequent courses.

The examinations for the Degree of Doctor of Medicine are held by the Faculty of Medicine at the close of the course of Lectures. Degrees are conferred at Commencement.

The candidates must be twenty-one years of age, and must have devoted three years to their professional studies under the direction of a regular Practitioner of Medicine. They must have attended two full courses of Lectures in some regular, incorporated Medical Institution; and the last course previous to examination must have been at this School. They must deposit with the Secretary of the Faculty satisfactory certificates of good moral character, and of having pursued their medical studies for the required term. They must also pass a satisfactory written and oral examination in Anatomy, Physiology, Surgery, Chemistry, Materia Medica, Pharmacy, Obstetrics, Pathology and Practice. They must also present a Thesis or Dissertation on some medical subject, a fair copy of which must be deposited with the Secretary of the Faculty at least ten days before the commencement of the examination at the close of the Lectures. These copies are preserved in the Medical Library.

Students on arriving should call at once on the Secretary of the Medical Faculty, to enter their names, present their certificates, and purchase their tickets. They may also obtain from him all necessary information in regard to boarding houses.

By order of the Faculty,

ALFRED MITCHELL, M. D., SECRETARY.
